Project Overview

This platform enables travelers to raise funds for vacations and collaborate with travel agencies to plan their trips. Users can create campaigns, track donations, build itineraries, and share their experiences. Travel agencies can offer packages, manage requests, and receive payments while interacting directly with travelers.

❖ Goals & Objectives:

- Enable travelers to fund and plan trips efficiently.
- Provide real-time collaboration between travelers and agencies.
- Ensure security, trust, and transparency in campaigns and payments.
- Promote community engagement and social interaction among travelers.
- Provide agencies with tools for marketing, analytics, and client management.

❖ Target Platform

- **Mobile App User (iOS + Android)**
- **Travel Agencies / Agents (Mobile App iOS + Android)**
- **Admin panel (Web Panel)**
